STORES THAT DID NOT PLACE ORDERS THIS SEASON / MPC292.1

```
...............
:  292.1  :
.................
```

Description: User will be able to select certain seasons (up to 5) for all the customers who have
placed orders within those season/s. Then the user will select a specific season and
the program will report all the customers who did not place an order for that season,
but placed an order for the previous season/s

This report is getting it's year/season information from "FC"
Programs / files needed:

MPC2921.PUB.AMS2   - Will create "TEMP" temporary database with the information
MPC292X.PUB.AMS2   - Will output 4 different reports
SKTEMP.PUB.AMS2   - Must be copied into the House
