

SISI * AMS2 USER MANUAL * RELEASE 10.0

AINQ * A3000 CUT AND SOLD INQUIRY

This program allows you to look up Cut and Sold information. This shows the amounts you have accumulated for the following:

- H (hold) units on credit hold or hold for confirmation
- O (order) accumulate order units, all status except C (cancel)
- C (cut) accumulated cuts
- B (balance) cut units minus order units
- I (inventory) receipts minus invoiced units

It also shows you totals for the above.

AMS2 Data Base; Styles Data Set; Files: none

OPTIONS

Totals line only (Y/N): (if option 1491 is on)

Style or Style/Clr

Type in style number (8 positions) and/or color (4 positions)

(SSSSSSSSCCCC)

If style has less than 8 positions spaces must be input by hitting space bar. If color has less than 4 positions spaces must be input. *Color is not mandatory - after inputting style hit return and all colors for that style may be viewed.

Press return.

S I S I * AMS2 USER MANUAL * RELEASE 10.0

Screen will display data for the style and all the colors or just the style clr selected.

AINQ * A3000 * CUT AND SOLD INQUIRY

If there are more colors you wish to see, screen says more colors?

Type in Y or N (return - default is Y).

Screen shows remaining colors of that style (if you said yes or hit return). If you answered no it will show style totals.

Repeat procedure to see another style.

End cut and sold inquiry, screen says enter style or style clr type in a '/' (double slash). Program returns to AINQ menu.

To switch to another inquiry screen, at the style or style clr prompt type in 'NX2' for WIP, 'NX3' for customer status, 'NX4' for fabric master, 'NX5' for N/A search, 'NX6' for invoice inquiry, 'NX7' for credit memo inquiry. NXE to end the program.

Tables:	SD	Style dimension sort
	67	JE size scale (custom)
